

Good photos. Zero fuss.

Quiet, reliable photography for corporate conferences, charity galas, brand launches, and celebrations across Sydney.

Sydney CBD • Inner West • Next-morning delivery • Full commercial rights

Hi, I'm Nik.

I run Inner West Event Photography. Before doing this full-time, I was Client Engagement Director at social-impact agency We Are World Change. That means I know how events actually run: the tight schedules, the sponsor commitments, and why you need someone who just gets on with the job.

14M+

Views on Unsplash with photos published globally across the OECD, ANU, and media platforms.

<12h

Morning-after highlight selects delivered so you can post while people are still talking about it.

100%

Commercial usage rights included perpetually with zero ongoing renewal fees.

Fixed rates

One upfront price with no surprise overtime bills or extra download charges.

Conferences & Corporate Events

From multi-day conventions at ICC Sydney to leadership summits, breakfast panels, and awards evenings at Doltone House and Crown Sydney.

We shoot silently using electronic shutters so speakers and delegates are never distracted. We cover keynotes, candid crowd moments, sponsor booths, and evening proceedings.

You get a dedicated highlight pack by 8:00 AM the next morning for your morning-after press release and social feeds.

Charity Galas & Fundraisers

Respectful, low-profile coverage for charity galas, major donor dinners, live auctions, and community forums.

We've worked with the Sony Foundation on Wharf4Ward, batyr, World Vision, and The School of St Jude. We know how to capture live auctions and big emotional moments without being in the way.

Photos are delivered organised and ready for donor updates, annual impact reports, and next year's campaign materials.

Brand Launches & Activations

Clean, punchy imagery for product launches, pop-up activations, retail installations, and commercial lookbooks.

Need a daylight studio in Marrickville or Surry Hills, a cyclorama in Alexandria, specialized Profoto lighting, or a hair and makeup team? We can organise all of it upon discussion.

We also provide live photo drops during the event so your marketing team can publish straight to socials.

Team Headshots & Workplace Photos

Natural corporate portraits and team photography taken on-location at your office or annual conference.

No awkward forced smiles or stiff grey backdrops. We set up a compact mobile studio with soft lighting right at your workplace with minimal disruption to staff.

Team members view and choose their favourite shot on a laptop right away. You get retouched high-res files delivered in an easy folder for HR and marketing.

Birthdays, Engagements & Weddings

Candid documentary photography for milestone birthdays (21st, 30th, 40th, 50th, 80th), waterfront engagements, and intimate weddings.

No posing for two hours while your drink gets warm. Just candid, natural photos of the people you love laughing, hugging, and giving speeches.

You receive a 24–48 hour sneak peek pack, followed by a private link where all your guests can download full-resolution photos directly for free.

How delivery works.

Straightforward turnaround with no hidden catches or surprise invoices.
